2. [REDACTED] Handcarried to Senator Thomas J. Dodd a letter from the Director responding to a letter from Senator Dodd dealing with the Cuban situation. The Senator, after reading the Director's letter, said he felt this is all that could be done. Senator Dodd stated his favorable feeling toward the Agency and commented he thought we were doing a good job under very adverse circumstances. (See Memo for the Record for details.)

3. [REDACTED] Met briefly with Warren Francis, in the office of Senator Thomas H. Kuchel, to discuss a letter he had received from a student in Freiburg, Germany. The letter had been sent to us solely on an information basis but we have asked Francis to advise us if a German national referred to in the letter is subsequently identified. Francis was very cooperative and said he would be glad to do this.
